

How to order

We have tried to make this website as simple to use as possible. Please follow the steps below and if you get stuck at any time then please telephone for assistance.

1 - Choose your product

Click on one of the icons on the printing page, for example, flyers. This now opens a new page and all the prices are displayed according to their size, quantity and paper weight (thickness of paper, the lower the number the thinner the paper)

2 - Select the specification

Once you have chosen your product click on the price and you will be taken to the ordering page for that product. You can now read the description and choose to add artwork designed or submit your own. Ordering is done through a paypal shopping cart so you only have to order and pay once for multiple items.

3 - Artwork

If you will be supplying your own artwork you will need to read our print criteria. If you would like us to design artwork for you, please order it with your printing on the product page.

4 - Payments

All printing is paid for upfront when you place your order. You can pay by card, internet banking, cash, cheque or paypal.

5 - Order online by card

Once you have chosen the printing and artwork you require, select 'add to cart' for each item, when finished you will be asked to login to your paypal account to make payment, if you don't have a paypal account then there is an option to pay using your card or bank details. You will not need to create a paypal account unless you want to. Once paid, you will be prompted to fill in a very short form with any extra information or images you wish to submit, the whole process will only take a few minutes and you can call at any time for assistance.

6 - Order by phone or email

If you would like to order in person then we can take your order over the phone or by email, we will then invoice you and you can then pay by cheque or internet banking

7 - Delivery

All print is delivered free of charge to any UK address, standard delivery is within 7 days, 3 & 5 day delivery is available at a small extra charge, you will need to phone your order through if you require faster delivery.
